0+10

You can test me by saying things like:

If we are making 10 and my number is 4, what is your number?

Give me two ways to make 7.

If I have 3 pencils, how many more do I need to make 9 pencils?

If I had 6 sweets and I ate 4, how many would I have left?

If I show my teachers that I know them when they test me, I will get a reward!
