

# Half Acres Primary Academy

## MATHS CHALLENGE 4

<b>TASK</b>	<b>Doubles and Halves</b>
<b>REWARD</b>	<b>Pencil</b>

Doubles to 20 and Halves of even numbers up to 40

Your child is now working on their next maths target - Doubling to 20

$1 + 1 = 2$	double 1 is 2
$2 + 2 = 4$	double 2 is 4
$3 + 3 = 6$	double 3 is 6
$4 + 4 = 8$	double 4 is 8
$5 + 5 = 10$	double 5 is 10
$6 + 6 = 12$	double 6 is 12
$7 + 7 = 14$	double 7 is 14
$8 + 8 = 16$	double 8 is 16
$9 + 9 = 18$	double 9 is 18
$10 + 10 = 20$	double 10 is 20

REMEMBER doubling is the same as  $\times$  by 2 eg  $4 \times 2 = 8$   $12 \times 2 = 24$

half of 2 = 1
half of 4 = 2
half of 6 = 3
half of 8 = 4
half of 10 = 5
half of 12 = 6
half of 14 = 7
half of 16 = 8
half of 18 = 9
half of 20 = 10

REMEMBER halving is the same as sharing by 2 eg  $38$  shared by 2 = 19

Please could you help your child learn these facts.

Your child will receive their reward once they have successfully demonstrated they can double and halve off by heart.
